Bathroom Collections

In this section, we have taken the work out of putting together an entire bathroom “collection” as such. Whether you are looking for a compact furniture set, with a simple yet stylish toilet and accessories, we have put together everything you need. Choose from various furniture finishes in our Metropolitan, City and Easy ranges, with matching ceramics. Both wall hung and compact toilet options are provided to ensure all design and practicality needs are met. We’ve even thrown in some recommended accessories which are sure to add a striking touch to any modern or retro bathroom dream.

Metropolitan

The Cersanit Metropolitan collection was designed with contemporary urbanisation in mind. Superb combinations of simple and classic base design, featuring high quality and minimalist designs, it can be used to turn any bathroom into a place of clear-headed relaxation, full of light and positive emotions.

Inspired by the pace and style of urban life, it excellently suits big-city interiors decorated à la New York lofts. It was in mid-20th century New York, after all, that the spirit of today's industrial interior-design style was born.

City

Raw and industrial, modern and dynamic – this best sums up the essence of Cersanit's City collection. The City collection consists of ceramics and furniture in an aspiring style further underscored by a minimalist, low-key colour scheme in two shades of grey oak and white. The range is inspired by industrial-style interiors and the look of bare concrete, highly prized by modern interior design.

Easy

The core elements of the EASY series are distinctive ceramic products: compact toilet, wall-hung bowl and a series of various sizes vanity units. Their simple, modern shapes, covered with the Clean Procoating, make the EASY range exceptionally easy and quick to clean, which will definitely be appreciated by modern customers.

Furniture

The combination of shapes, sense lines and materials gives rise to new aesthetic creations.

The new Niko Bathrooms furniture program offers the ideal stage for the bathroom as a design line. The style, function, 'feel' and line scheme are determined by each user in accordance with their own personal preferences, allowing them to create an amazing variety of washing area designs.

Metropolitan

The Cersanit Metropolitan collection was designed with contemporary urbanisation in mind. Superb combinations of simple and classic base design, featuring high quality and minimalist designs, it can be used to turn any bathroom into a place of clear-headed relaxation, full of light and positive emotions.

Inspired by the pace and style of urban life, it excellently suits big-city interiors decorated à la New York lofts. It was in mid-20th century New York, after all, that the spirit of today's industrial interior-design style was born.

City

Raw and industrial, modern and dynamic – this best sums up the essence of Cersanit's City collection. The City collection consists of ceramics and furniture in an aspiring style further underscored by a minimalist, low-key colour scheme in two shades of grey oak and white. The range is inspired by industrial-style interiors and the look of bare concrete, highly prized by modern interior design.

Baths

What a treat a long, hot bath really is to remove the cares of a busy day.

Having the perfect bath to maximise this enjoyment is at the centre of the Niko bath range.

Choose from traditional to free standing, from double ended to single ended, the style that complements your bathroom perfectly to provide the comfort you need. Our extensive range will have something to fit beautifully into your space.

Shower Trays

Whatever shower tray you require; designer, wet room or low-profile trays - Niko Bathrooms offer a multitude of options for you to choose from.

CE certified and manufactured to the highest standards, our shower trays meet almost every requirement. You may even find yourself getting some new ideas! Enjoy making your choice.

Elements

25 YEAR
GUARANTEE

The Elements range of low profile shower trays are only 40mm high and they lend themselves to the latest bathroom trends and includes all the benefits of a solid cast stone shower tray. These shower trays suit any installation and makes it quick and easy to install.

Features:

- 40% lighter than a high wall stone resin shower tray
- A simple stylish shower tray which combines high quality looks with functionality
- The sleek low profile design is available in many special shapes and sizes
- Suitable for most types of enclosure
- Designed for 90mm Hi-Flow waste
- Made with WRAS approved Phthalate free materials

Tuff Form

LIFETIME
GUARANTEE

Features:

- Suitable for both wooden and solid floors
- Formed from compressed GRP which allows the Tuff-form to be cut to length or trimmed to within 150mm of the waste without losing any strength integrity
- The ribbed design of the underside eliminates slippage or float during installation
- Offset waste position to avoid joists pipework
- Tuff-form depth is 22mm
- Easily trimmed on site to enable fast and simple installation
- Pre-formed fixing holes

Aqua Ambient Wetroom Drainage Channel

Features:

- Flow rate: 48 litres/minute
- Made of stainless steel
- Functional, easily removable trap, easy to clean and maintain
- Minimum mounting height: 81 mm
- Perfectly smooth surface of the grates provides significant comfort of use
- Fast and efficient drainage of water from the floor surface
- High chemical and thermal resistance
- No risk of water penetrating bathroom parts not intended for a shower basin
- Monolithic structure with minimised number of connections and top quality sealing materials ensures no risk of leakage or unsealing
- Additional sealing flange ensure leaktightness and facilitates the assembly by prolonging the in-floor water insulation layer longevity
- Reliable structure once installed, the outlet creates smooth and flat surface, which enables any interior design with no needless barriers, thresholds or partitions
- Smooth edges guarantee usage safety
- Esthetic look finishing of polished stainless steel enables a perfect fitting to interiors with chromium-plated elements
- Possibility to change one grate pattern to another in case of interior design modifications

Mobility

Everyone should be able to surround themselves with beauty and style and have the choice to personalise their space.

This belief is core to the Niko Bathrooms collection of specialist mobility support products. Every piece has been developed with Occupational Therapist and Healthcare Professional input, to deliver a space filled with practical solutions and aesthetic beauty.

Braddan

With extensive choice and easy installation, Braddan is a long-term favourite among specifiers, installers and end-users.

Benefits:

- The Braddan's unique design can create a full level access, surface mounted or step in shower enclosure
- Quick draining, thanks to a 35mm fall to the waste
- Integral added strength for extra peace of mind
- A slip resistant surface makes them safe to use
- A full selection of screens, curtains, rails and ramps means you can create the perfect bathroom for your requirements

PRODUCT FEATURE ICONS:

Suitable for Wooden Floor

Corner Fitting

Suitable for Concrete and Screeded Floor

Alcove Fitting

Complete Level Access

Trim to Length

Surface Mounted (40mm high)

Rising Butt Screen Hinges

Slip Resistant Surface

In-line Magnetic Door Closers

Central Waste (non handed fits left or right)

Corner Magnetic Door Closers

Features:

- Suitable for all floor types
- A central waste position
- There's no need for under tray foaming
- Pipe duct kits are available to help with installation
- We supply a 'trim to length kit' with 1800mm trays
- 1800mm trays can be cut to 1500mm, allowing flexibility of fitting
- 5 waste options are available (see accessories)
- All trays are supplied with a separate tiling upstand
- Surface mounted tray height 40mm

Mullen

LIFETIME
GUARANTEE

Using patented integrated edging and built-in features, Mullen® is quick and easy to fit.

Benefits:

- Level showering for easy access
- Exceptionally watertight seals, thanks to a pioneering Intergrip® strip
- Quick draining, with a 25mm fall inside tray
- Unrivalled strength and stability, using compressed GRP
- Pre-formed fixing holes ensure quick and easy installation

Features:

- A 27mm floor recess is all that's needed
- Surface mounted option (ramp available)
- A corner waste position helps avoid joists
- Corner and alcove trays are supplied with cut-to-length kits
- Built in tiling upstands on 2 or 3 sides complete the all-round integrity of the water seals
- Floor tiling and alcove adaptor kits are available
- No under tray foaming is needed

PRODUCT FEATURE ICONS:

	Suitable for Wooden Floor		Alcove Fitting
	Suitable for Concrete and Screeded Floor		Trim to Length
	Complete Level Access		Rising Butt Screen Hinges

Kitchen Sinks

Niko Bathrooms can now offer you a very exciting range of Butler kitchen sinks which combine traditional style with modern quality and attention to detail. Available in both single or double bowl options they can be combined with any of our kitchen taps allowing you to complete a kitchen concept that speaks traditional charm.

- Manufactured from fine Fireclay, giving enhanced durability and impact absorption
- The smooth non-porous glaze ensures a robust, hard-wearing surface
- Hand finished by skilled craftsmen to the highest quality standards
- Each product is rigorously inspected and quality tested for your peace of mind
- 5-year guarantee

All prices are recommended retail and include VAT at the current rate.

The prices and specifications shown within this catalogue are for information purposes only and as we continually update our products, they may be subject to change without prior notice. E&OE.

The images/photographs included are for guidance purposes only and are limited to the constraints of the printing process. All measurements are in millimetres, unless otherwise stated.

This edition supersedes all/any previous editions.

Though all of our products carry a guarantee, as stated, which covers against manufacturing defects when used in normal domestic applications (excluding serviceable parts, accidental damage neglect or abuse), please ensure that your product is fitted/installed by a competent and qualified installer and according to the manufacturer's instructions and cleaned and maintained according to the manufacturer's instructions. Certain moveable parts may be subject to wear and tear through usage and are therefore covered for 12 months from installation. The guarantees stated will never cover any consequential loss. Full terms and conditions are available upon request.
